

HELLMET R-10 WELDER

Ref.06773

SOLTER

The **HELLMET R-10 WELDER** welding screen from Solter combines innovative design and advanced technology to provide maximum eye protection for welding tasks. Specifically designed for professional welders, its **True Color** technology ensures clear and precise vision, enhancing performance in **MMA, MIG/MAG, and TIG** processes. Its lightweight structure and versatile adjustment make it an essential tool for those seeking comfort, durability, and exceptional results.

Main Features:

- **Advanced True Color technology and 1/1/1/1 visual quality:** Provides precise real-color visualization and a glare-free, distortion-free experience, CE certified, ideal for detailed professional welding work.
- **Wide viewing area and intelligent sensors:** With a **100x60 mm window** and **4 advanced sensors**, it ensures continuous activation of the auto-darkening filter, eliminating dark spots and enhancing visual safety.
- **Customizable external adjustments:** Includes **DIN 5-8 and 9-13 shade regulation**, adjustable sensitivity, and configurable delay times between 0.1 and 1.0 seconds. Additionally, it features a **practical grinding mode at DIN 4**.
- **Hybrid power and superior ergonomics:** Powered by solar energy and a **replaceable CR2450 battery**, its design features an adjustable **4-point harness** that reduces fatigue during long work sessions.
- **Lightweight design and regulatory compliance:** Weighing only **570 g**, it is comfortable to use, compatible with multiple optional accessories, and certified according to (EU) 2016/425, EN175:1997, and EN379:2003+A1:2009 standards.

La pantalla de soldadura **HELLMET R-10 WELDER** combina protección avanzada con funcionalidades versátiles, convirtiéndose en una herramienta imprescindible para soldadores que buscan precisión y seguridad en procesos MMA, MIG/MAG y TIG. Diseñada para maximizar el rendimiento y la durabilidad en todo tipo de proyectos.

Trust **Solter** welding products to achieve precision, durability, and professional results. Our screens, electrodes, torches, and accessories are designed to maximize your project performance with the quality and innovation of a leading brand in the industry.

HELLMET R-10 WELDER

TECHNICAL DATA

Generals	
Regulations	(UE) 2016/425 - EN175:1997 - EN379:2003+A1:2009
Technical	
Optics quality	CE 1/1/1/1
Viewing area	100x60mm
Filter dimensions	110x90mm
Energy	Solar y Batería CR2450 reemplazable
Grinding function	DIN 4 (externo)
External polycarbonate	115x104mm
Sensivity	Si (externo)
Sensors	4
Reaction time	1/30000s
Delay time	0,1 - 1,0s
Clear shace	5/8
Darck shade	9/13
Structural	
Weight	505gr

OPTIONAL ACCESSORIES

Ref. 05863

HELLMET R-05 / R-10 HARNESS

Ref. 10088

POLYCARBONATE EXTERIOR PROTECTOR 115x104 mm (5 pcs.)

Ref. 10089

POLYCARBONATE INTERIOR PROTECTOR 100x63 mm (5 pcs.)

Ref. 73085

SWEATSHIRT 230x90mm OPTIMATIC
