

# PRACTICO 150

Ref. 10093

 **SOLTER**

The **Inverter Practico 150** from Solter is your ideal companion for **MMA and scratch-start TIG welding**. Compact and lightweight (2 kg), it includes a sturdy aluminum carrying case, a **digital display** for precise adjustments, and accessories such as a chipping hammer/brush and a hand-held shield. **With 150A of power** and a 40% duty cycle, it features **Hot-Start** for quick ignition and **Arc-Force** for maximum stability. Perfect for workshops, DIY projects, and outdoor jobs thanks to its rugged design (IP21) and **generator compatibility**. Precision and professional performance from the very first use.

## Main Features:

- Adjustable power:** Current regulation from **10A to 150A**, ideal for precision and high-demand welding tasks in **MMA and scratch-start TIG welding**.
- Reliable duty cycle:** **40% at 150A and 100% at 80A**, perfect for extended welding sessions without interruptions.
- Extreme portability:** **Compact and lightweight** design, weighing only 2 kg, making it easy to transport and store.
- Generator Compatibility:** Operates efficiently in areas without a power grid, offering a voltage range of **220V-240V**.
- Advanced Inverter Technology:** Provides direct current (DC) for stable arcs and high-quality welds.
- Integrated advanced functions:** Includes **Hot-Start** for quick and flawless ignition, and **Arc-Force** to maintain arc stability.
- Electrode versatility:** Compatible with **1.6 to 3.2 mm electrodes**, suitable for materials such as carbon steel, stainless steel, and iron.
- Included accessories:** Equipped with a **sturdy aluminum carrying case**, a hand-held shield, and a chipping hammer/brush—everything you need to start welding immediately.
- The **Inverter Practico 150** is ideal for professionals and enthusiasts seeking performance, versatility, and ease of use in welding. Compact and advanced, it is perfect for workshops, DIY projects, or outdoor jobs.
- Make your welding more precise, efficient, and professional with the **Inverter Practico 150**! Take it wherever you need and experience the quality and reliability that only Solter can offer.

## TECHNICAL DATA

Generals	
Intensity at 60%(100%) a 40°C	90A
Intensity MAX.	150A
Regulations	EN60974-1
Regulation	10 - 150A
Duty Cycle at 40°C	40%

Technical	
Usable electrodes MMA	1,6 - 3.2mm
Usable electrodes TIG	1,6mm - 3,2mm

Structural	
Dimensions	210x100x137mm
Protection index	IP21
Regulation board	SOLTER DIGITAL
Weight	2Kg
Ventilation	FORCED

Electrical	
Supply Voltage	230V - 1Ph
Fuse	16A
Absorbed power max.	4,5Kva
Voltage range	220V - 240V
OCV	62V

## OPTIONAL ACCESSORIES
