

DIRT 200 CEL

Ref. 10096

 **SOLTER**

The **DIRT 200 CEL** welder from Solter offers power, versatility, and professional results in **MMA and TIG Lift-Arc** welding, allowing work with all types of electrodes, including aluminum. Its **Inverter** technology ensures a stable and efficient arc, while its **Hot-Start** and **Arc-Force** functions provide ease of use and stability on difficult materials. Compact, lightweight, and compatible with electric generators, it is ideal for outdoor work and intensive projects. With a portable design and energy efficiency, it is the perfect tool for professionals and advanced users.

Main features:

- ▣ **Advanced Arc-Sense technology:** Designed to weld all types of electrodes, including aluminum, with a stable and reliable **direct current (DC)**, ideal for professional and demanding applications.
- ▣ **High efficiency and ease of use:** Thanks to **Inverter technology**, the equipment **optimizes the welding process** by reducing spatter and ensuring consistent performance with minimal energy consumption.
- ▣ **High energy efficiency:** Optimized design to minimize consumption and ensure prolonged performance.
- ▣ **Compatibility with electric generators:** Capable of operating with a **wide voltage range (220-240V)**, making it an essential tool for outdoor work or areas with limited access to the electrical grid.
- ▣ **Integrated advanced functions:** Equipped with **Arc-Force** to **stabilize the arc** during the process and **Hot-Start** to **facilitate ignition** even on difficult materials, ensuring optimal performance.
- ▣ **Multipurpose welding:** Compatible with both **MMA and TIG Lift-Arc**, offering flexibility for different types of applications.
- ▣ **Precise digital regulation:** Its intuitive **digital panel** allows quick and accurate adjustments, optimizing the welding process.
- ▣ **Compact and portable design:** With a **weight of 6 kg** and **dimensions of 370 x 166 x 280 mm**, it is easy to transport and store, adapting to any work environment.

Trust in Solter's quality and technology to take your welding projects to the next level. With the **DIRT 200 CEL**, enjoy power, versatility, and professional results, backed by the innovation of a leading welding brand.

DIRT 200 CEL

Ref. 10096

TECHNICAL DATA

Generals	
Intensity at 60%(100%) a 40°C	180A (150A)
Intensity MAX.	200A
Regulations	EN 60974-1, EN 60974-10
Regulation	20 - 200A
Duty Cycle at 40°C	40%

Technical	
Usable electrodes MMA	1,6mm - 4,0mm
Usable electrodes TIG	1,6mm - 3,2mm

Structural	
Dimensions	370x166x280
Protection index	IP21S
Regulation board	SOLTER DIGITAL
Weight	6kg
Ventilation	FORCED

Electrical	
Supply Voltage	230V - 1Ph
Fuse	16A
Absorbed power max.	9kva
Voltage range	220 - 240V
OCV	72V

OPTIONAL ACCESSORIES

Ref. 06031

TORCH 4M TIG SR-17V D35/50

Ref. 56246

GAS REGULATOR R25 AR/CO2
