

# LITHIUM LT-17

Ref. 10115

🔍 The **LITHIUM LT-17** from Solter is the perfect ally to ensure you never run out of power. With a capacity of **17,000 mAh** and a powerful jump start of up to **1200A**, this compact device can start gasoline vehicles up to **3L** and diesel vehicles up to **2L**. Its **fast charging technology (4.5 h)** and impressive autonomy of up to **6 months** without recharging make it a reliable solution for any situation. Additionally, it offers **advanced protection against reverse polarity, short circuits, and voltage spikes**, ensuring safety with every use. Trust Solter and keep the power always on your side!

## Main Features:

- 🔍 **Exceptional starting power:** With up to **1200A peak** and **500A continuous current**, it effortlessly starts gasoline vehicles up to **3L** and diesel vehicles up to **2L**.
- 🔍 **Extended autonomy:** Its **17,000 mAh (62.9 Wh)** battery holds the charge for up to **6 months**. It is recommended to recharge every 3 months for optimal performance.
- 🔍 **Fast and efficient charging:** Thanks to its **fast charging input (5V 2A; 9V 2A)**, it fully recharges in just **4.5 hours**, ready for any emergency.
- 🔍 **Total protection:** Equipped with safety systems against **reverse polarity, short circuits, voltage spikes, overcharge, and over-discharge** for 100% safe use.
- 🔍 **Powerbank Function:** Works as a **powerbank** with USB outputs of **5V 1A** and **5V 2.1A** to charge smartphones, tablets, and other devices.
- 🔍 **Compact and lightweight design:** With dimensions of **225 x 91 x 34 mm** and weighing only **640 g**, it is easy to carry and store.
- 🔍 **Intuitive LED indicators:** Displays the charge status from 0% to 100% with LED lights for quick and easy monitoring.
- 🔍 **Multifunction flashlight:** Features a powerful LED flashlight with normal, strobe, and SOS modes, ideal for emergencies.
- 🔍 **Performance in extreme temperatures:** Operates between **-20°C** and **60°C**, perfect for harsh weather conditions.
- 🔍 **Trust Solter to deliver the power, safety, and reliability you need for every start.**

## TECHNICAL DATA

## OPTIONAL ACCESSORIES

Technical	
Batería	17.000Ah
Motor recomendado	Gasolina 3L
Salidas auxiliares	5V 1A; 5V 2,1A; 12V 10A
Tipo batería	LiCoO2
Voltaje de arranque	12V
Capacidad de arranque	500A (1200A max.)
Motor recomendado	Gasolina 3L
Motor recomendado	Diésel 2L
Tipo conector de carga	USB
Structural	
Dimensions	225x91x34mm
Weight	640g
