

# BANDANA SOLDADOR TEXTIL IGNIFUGO SOLTER

Ref. 10442

**?** **Solter Flame-Resistant Welding Bandana – Protection and Comfort for Professionals** is designed to provide **safety and comfort** in demanding welding environments. Made from **washable flame-resistant fabric**, it offers an effective barrier against sparks and welding projections, ensuring long-lasting protection. Its **heat-dissipating mesh interior** enhances breathability, keeping you cool even during long work shifts. Thanks to its **ergonomic design**, it perfectly fits a **58 cm** circumference, guaranteeing a secure fit.

**Work with the confidence and quality that only Solter can offer you.**

## Main Features:

- ?** **High-Resistance Flame-Resistant Fabric:** Made with premium materials that ensure maximum protection and durability.
- ?** **Advanced Breathability:** Its design incorporates an inner mesh that enhances ventilation and reduces heat during prolonged use.
- ?** **Compatibility with Industrial Helmets:** Adaptable to multiple safety helmet models, making it ideal for various work environments.
- ?** **Secure and Comfortable Fit:** Ergonomic design with a 58 cm circumference, providing stability without compromising comfort.
- ?** **Safety Certification:** Complies with CE and EN ISO 11611:2015 standards, ensuring optimal protection for welding applications.
- ?** **At Solter, we work to provide you with the best protection, with the quality and performance you need. Trust the expertise of professionals!**
